Owners & Operators

Family Camping
On the Swift River

Hi Folks,

Hope everyone is successfully practicing the CDC guidelines for staying healthy. At this point we are continuing to be open for reservations and are sending out deposit requests/confirmations in hopes that our current emergency will peak and be on the decline by summer. We may have to adjust some of our routines/events to allow for appropriate social distancing. We will also be expanding our already well practiced cleaning routines to more common areas and on a more frequent schedule. We have updated our rates and activities for 2020. The next several weeks will determine what if any modifications may be needed on our activity schedule.

We continue to monitor the guidelines from National and State governments, recognizing that situations may shift dramatically at any time. If you or your group choose to reschedule or cancel your reservation, we are ready to accommodate your decision.

Like most campgrounds in NH and in fact throughout the country, we are a “Mom and Pop” operation. Our priority is for us and our staff to stay well ourselves so that we can continue to provide you and your family with the place where happy camping memories are made.

God bless you and your family, and all the workers who are so vigilant in keeping our lives safe.

Sincerely,

Dana and Laurie B.
